<MESSAGEBODY>Dear Gov. Greitens,

I would like to ask that you commute all death penalties in the state of Missouri to a life sentence. I do not believe that putting someone to death is a Christian act. I believe that these individuals have done actions that deserve to be punished. I also believe that no man should make a decision about ending the life of someone. I feel that should be left to God.

I thank you for taking the time to read this message. I also wish you well over the next years as Governor of the Great State of Missouri.

Thank you and God Bless.

House Ways and Means

Members present: Curtman (Chair), Eggleston (Vice-Chair), Brown, Ellington, Christofanelli, Cross, Kelley, Mosley, Rhoads, Roden, Schroer, Shull

# **Executive Session**

-

## HB 129 (Engler) Exempts delivery charges from sales tax

- Eggleston offered an amendment. The amendment would align the bill language between the House and Senate versions. Both bills clarify that deliveries are services and should be taxed.
  - o Without further discussion HA1 was adopted by v.v.
- HA1 was rolled into a HCS, and adopted by v.v. with no discussion.
- Voted Do Pass 12-0
- Curtman stated that the bill could not go consent because of the fiscal note. If anything changes the may make a
  consent vote later.

#### **Regular Session**

## HB 30 (Pike) Taxation of Aircraft

- Pike stated that this bill deals with aircraft assessment and taxation and provided a handout to the committee. The will changes the definition for historic aircraft and increases the number of hours a pilot can fly at the lower tax assessment. She further stated that this was an opportunity to make Missouri more aviation friendly. There are approximately 6,000 pilot and aircraft owners in Missouri who do a lot of public benefit flying. The fiscal note is \$0 for state impact.
- Eggleston wondered about the percent of planes that would qualify. He stated that the fiscal note says \$0 for state and minimal impact to locals, so this is not a lot of money. He discussed the bill from last year.
- Christofanelli wondered about the fiscal note response from Kansas City stating that mobile homes may be impact.
- Shull requested more information on the economic impact to the state and how Missouri compares to

Print Page 123 of 126

surrounding states.

• Roden wondered about the limit being 250 hours in the bill last year, but only 100 hours this year.

• Curtman wondered if Pike was aware of any pilots that would fly more now if not for the higher tax bracket.

#### **Proponents**

- Scott Burby pilot from Nevada, Missouri
  - Mr. Burby stated that this affects pilots with limited means and 100 hours would benefit the aviation community.
- Alden Burby pilot from Joplin, Missouri
  - Mr. Burby stated that he knows pilots that would benefit. The number of pilots in the U.S. has been
    declining since 1980 and costs are a big factor. The bill is consistent with the national trend to lower
    requirements on pilots.
  - Schroer wondered about the percent of pilots that would be impacted. Mr. Burby replied that he guessed about half of the 6,000 pilots in MO. Schroer further wondered how many stay within the 100-hour limit.
     Mr. Burby responded most of them.
  - Curtman wondered whether planes in museums had to be flown and if flying during the sale of an aircraft counted against the number of hours allowed at the lower tax rate.
- Bob Quinn National Business Aviation Association
  - Mr. Quinn stated than 100 hours was good, but he would have chosen 120-150 hours. It is expensive
    learning how to fly, so a lot of pilots use up their hours taking younger people flying to get them
    interested. Pilots are hesitant to fly now because they are penalized. Mr. Quinn stated that Missouri is
    losing out on fuel tax and employment opportunities.
  - Schroer wondered about the fiscal impact if the hours were increased to 150. Mr. Quinn replied there
    would not be much if any impact because collections from assessments would not change only activity
    level. Schroer further wondered about the fiscal not from last year. Mr. Quinn responded that it was
    almost identical because this is more of a county impact than a state impact.
- Tom Chandler AOPA
  - Mr. Chandler stated that people use the hours to provide free medical transportation, transporting rescued
    animals, and free flights for kids. Fifty hours is the minimum to maintain flying proficiency. The state
    would make more tax money the more planes are flown.
  - Cross and Mr. Chandler discussed how an increase in the allowed hours would impact a pilot and the decline in the number of pilots.

# **Opponents**

None

## Information Only

- Mike Sutherland MO Budget Project
  - o Mr. Sutherland clarified that the response from Kansas City dealt with the assessment of manufactured homes, but the bill should not have an impact.

HB 223 (Moon) Tax refunds for businesses assessed higher sales taxes as a result of DOR taxable items interpretation change

Print Page 124 of 126

• Moon stated that this was the third year this bill had been proposed. He discussed the history of DOR expanding their list of taxable items and stated that not all businesses are treated the same way. Some businesses are audited by DOR and now charge taxes, but other businesses still do not collect the sales taxes. The instructional class sales tax exemption bill last year (SB 1025) stopped the taxes, but impacted businesses have not been made whole. Moon further stated that he did not know how much money would be involved because DOR has never responded to requests for information, so the bill has a cap of \$5 million.

- Schroer wondered why the bill had to issue refunds rather than provide a credit to offset future tax liability. Moon replied that DOR stole this money and the businesses need it back now. Schroer further wondered if Moon knew of any businesses that had to close.
- Brown wondered how many businesses had to close because of the taxes. Brown further wondered what happened to the bill last year.
- Ellington stated that the fiscal note says the full \$5 million is expected to be paid in FY18. He wondered where the money was supposed to come from to pay for the bill. Moon responded that is should come directly from DOR.
- Christofanelli wondered what would happen if more than \$5 million in claims were made and what would happen if one business claimed the \$5 million at once. Moon responded that he assumed refunds would be paid on a first come, first served basis and that they may need to add to the amount later if the full \$5 million was claimed.
- Ellington wondered about the order claims would be paid and whether businesses that were forced to close would also be eligible for the refund. Moon replied that nothing in the bill specifically stated how claims were to be paid and that he believed even closed businesses should be eligible, but he did not know.

### **Proponents**

TJ Rehak – Extreme Gymnastics (provided written testimony)

### Opponents and Information Only

None

#### HB 655 (Engler) Tax credits for maternity homes and pregnancy resource centers

- Engler stated that this would renew the tax credits for pregnancy resource centers and maternity homes. These two credit renewals need to be approved this year or next year. The General Assembly needed to either reform all the tax credits or pull out the benevolent credits. This bill would extend the sunset dates to 2023, if they didn't pass until next year the sunset date would be 2024. This does not raise the caps for either credit.
- Ellington wondered about services provided by pregnancy resource centers and whether they were discriminatory because they do not provide information on abortion.
- Eggleston discussed the provisions of the tax credits and wondered about the difference between pregnancy
  resource centers and maternity homes. Engler stated that all redemptions should be the same, they should
  require the similar proof and have similar caps. Then they could renew all the credits at the same time and use the
  same redemption forms.

#### <u>Proponents</u>

- Samuel Lee Campaign Life MO
  - o Mr. Lee provided written testimony to the committee. He stated that maternity homes are residential

Print Page 125 of 126

facilities and there are seventeen across the state, while there were 69 pregnancy resource facilities in Missouri. He discussed how tax credits were distributed across the multiple agencies. He further stated that the Missouri Constitution says that state money should not be given to private citizens or businesses, but these tax credits are justified under the law.

- Steve Smith St. Raymond's Society
  - Mr. Smith stated that the Society was founded in 2010 to help women through and after birth. The tax
    credits allow them to have three houses, and the average stay is five months. They have already used the
    tax credits allotted to them in July 2016.
  - o Curtman wondered if school or employment was a requirement of the home.
  - Ellington wondered if there was a cost for services, spacing within the houses, and whether unmarried couples could receive services. He requested information about the number of people employed through the program.
  - Eggleston wondered if the work requirement and savings plans were used by all maternity homes, how
    many donations were received, and if any money went back to business who made donations (such as
    clothing stores).
- Leslie Kerns Pregnancy Help Center of Central Missouri
  - Ms. Kerns covered information about the services they provide and stated that tax credits increase donations.
  - Ellington wondered about services for women who chose abortion and requested materials that proved those individuals would still receive services.
  - o Christofanelli wondered if the center received direct funding from the state
- Jeremy Milarsky MO Child Care Association D/B/A MO Coalition of Children's Agencies
  - Mr. Milarsky stated that tax credits allow business to fundraise locally better and that benevolent tax credits are less than 1% of all credits redeemed.
  - Ellington wondered if he could still receive a tax deduction even without using tax credits. Engler responded yes, it was the difference between getting 6% or 56% back.
- Susan Klein MO Right to Life
